## Granville Unveil New Packaging Design

Granville Oil & Chemicals is pleased to unveil our new packaging design.

The boxes have been completely revamped with our distinctive three colour branding and a new, clearer labelling system to help identify the contents quickly and easily.

See our new packaging and labelling system in action [here](#).

Not only do they look good but, in response to customer feedback, we have made our boxes much stronger to reduce the chances of damage during transit.

We put our boxes to the test by dropping over a tonne in weight on sealed, empty boxes. Click [here](#) to see how they held up.

Simon Marston, Logistics & Special Projects Manager said "We listen to what our customers require and if we feel that there is a product that we should be selling, we will do all we can to add it to our range, ensuring it offers value for money to the customer."

It features an easy to use pull-up spout and graduated bottle to ensure simple and accurate application. Make it a part of your recommended routine service plan and speak to your Area Sales Manager to place your order today.

**Granville Online**

## **Granville to attend the Autocare Trade Show 2015**

Granville Oil and Chemicals will be at the Groupauto Autocare Trade Show 2015 on 17th April at the Arena MK, Milton Keynes.

With over 650 delegates expected to attend, this is an excellent opportunity for Granville staff members to speak to customers about our products and services, and to deliver that famous Granville customer service directly, helping our clients to make the right choice in their automotive aftercare needs.

Visit us at Stand 69 for offers and promotions exclusively available to trade show attendees.
