

# Autosol Anodised Aluminium Polish & Cleaner

75ml Tube

## PRODUCT DESCRIPTION

Autosol Anodised Aluminium Polish is specially designed to protect the oxide layer produced during the anodising process. Anodized Aluminium Polish is a very effective cleaning polish and the soft polishing particles do not damage the oxide layer. It works on all kinds of anodised aluminium including coloured parts of motorcycles and cars.

## PRODUCT BENEFITS

- \* Polishes & protects
- \* Will not damage oxide layer

## PRODUCT USAGE

For use on all kinds of anodized aluminium.

## DIRECTIONS FOR USE

Apply Autosol Anodised Aluminium Polish to the parts that requires cleaning and polish with a soft clot using circular movements. Allow for cleaner to take effect and wipe with a damp cloth. Do not use on hot surfaces. Avoid freezing.

## STORAGE INSTRUCTIONS

Store sealed in a cool, dry place. Avoid frost.

## SHELF LIFE

3 years from date of manufacture.
