Slick 50

Fuel System Treatment

375ml

PRODUCT DESCRIPTION

Slick 50 Fuel System Treatment is suitable for both petrol and diesel engines and all vehicles running on leaded or unleaded petrol, including turbo charged and vehicles fitted with catalytic converters. Slick 50 Fuel System Treatment cleans the entire fuel system to help restore performance. Intake valve and other fuel system deposits can lead to reduced power and performance, poor fuel economy, increased emissions, hesitation, stalling and poor drivability, during severe driving conditions and under stop/start driving these deposits can build up more quickly. Slick 50 Fuel System Treatment has been tested on high mileage cars and has been proven to clean: injectors, carburetors, combustion chambers, valves, ports, cylinder heads, piston crown, valve seats, pumps, tanks and fuel lines.
