Nova

160 x 30mm – Double Radius

Single

PRODUCT DESCRIPTION

Nova Super Hard Yellow Fine Compounding Pad is a high quality, low density, open cell foam specifically designed for aggressive compounding by machine. Use with Nova Powercut 141 Compound for fast results. The structure of the foam cells assists in keeping the panel cool whilst offering a fast cutting action.
Operating temperature is -10°C to + 150°C

* Image for illustrative purposes only.
