

TECHNICAL DATA

Nova 150 x 50mm - Double Radius

Single

PRODUCT DESCRIPTION

Nova Super White Foam Compounding Pad is a superior high quality, low density, open cell foam specifically designed for machine use with a liquid cutting and polishing compound. The structure of the foam cells assists in keeping the panel cool whilst offering a fast cutting/polishing action.

Operating temperature is -10°C to + 150°C

PRODUCT BENEFITS

- * Cool running
- * Fast cutting action
- * Extremely durable

PRODUCT USAGE

For compounding and polishing vehicle paintwork.
