

# TECHNICAL DATA

# 10k E10 Fuel Protector

265ml

# **PRODUCT DESCRIPTION**

10K Boost E10 Fuel Protector is an all in one fuel treatment for vehicle that require ethanol corrosion protection and valve seat lubrication and protection. In addition it boosts the fuels octane number.

Ethanol based fuels tend to lubricate less and deteriorate faster than regular fuels, resulting in reduced lubrication of amongst others valves and fuel pump and a loss of fuel octane number. This potentially leads to valve seat recession, engine knocking and buildup of dirt / gum in the fuel system. In addition ethanol based fuels are hygroscopic and corrosive to specific metal, rubber and plastic parts. Suitable for use in vehicles fitted with catalytic converters, Gasoline Particulate filters and turbo or superchargers.

# **PRODUCT BENEFITS**

- \* Prevents the adverse effects of ethanol in fuel
- \* Prevents fuel system corrosion on metal parts and helps protecting components
- \* Stabilizes ethanol based fuels prolonging fuel life
- \* Prevents valve seat recession
- \* Increases octane number

# PRODUCT USAGE

Pour the contents of one bottle in the fuel tank before filling it with E5 / E10 petrol

### **DOSAGE INFORMATION**

1265ml Bottle treats 40 to 60 litres of fuel

# **STORAGE INSTRUCTIONS**

Store sealed and upright in a cool, dry place out of the reach of children.

# TECHNICAL DATA

# 10k E10 Fuel Protector

265ml

# SHELF LIFE

3 years from date of manufacture

Appearance	:	Clear Amber liquid
Odour	:	Characteristic
Specific Gravity	:	0.94
Flammability	:	Flammable
Flashpoint	:	66°C

# SAFETY PRECAUTIONS

Please see our latest EC Safety Data Sheets for details.

# **TRANSPORT CLASSIFICATION**
