Granville
Lithium EP00 - Semi Fluid Grease

12.5kg

* Image for illustrative purposes only.

PRODUCT DESCRIPTION

A premium quality semi-fluid grease designed for centralised lubrication systems. Suitable for anti-friction and plain bearings subjected to high load conditions. EP00 can also be used for gearboxes designed to operate with semi-fluid slumping grease.

PRODUCT BENEFITS

* Excellent extreme pressure and anti-wear performance
* High degree of corrosion protection
* Highly versatile semi-fluid grease for centralised lubrication

PRODUCT USAGE

Granville EP00 can be applied manually or via a centralised lubricating system capable of pumping an NLGI No.00 grease.
As with all greases used for the first time, check compatibility with the grease applied previously and, if necessary, purge bearings prior to application.
Likewise, as a general rule, take care not to over-lubricate and only apply the quantity of grease recommended by the bearing manufacturer.

SIZE	PART NO	BARCODE
12.5kg	176K	N/A

STORAGE INSTRUCTIONS

Store in a cool dry place.

SHELF LIFE

3 years from date of manufacture.

SPECIFICATION INFORMATION

Operating temperature range: -30°C to + 110°C
NLGI classification: 00

Appearance	:	Smooth semi-fluid grease/dark brown
